subhaiyash@gmail.com > Linkedin - @imadityaxd

OBJECTIVE

I'm a FullStack WebDeveloper with hands-on experience building modern, responsive web-applications. I specialize in React.js, Next.js, Express.js and MongoDB and I have worked with freelance clients to deliver clean, well-focused solutions. I'm passionate about creating smooth, intuitive UI/UX designs and turning ideas into polished products. Currently working on Open Source.
